Rain is Coming!

It looks like we are soon in store for more rainy days. So this makes it a good time to check the drains in your patio.

Help prevent backups and clogging by clearing drains of leaves and other material. If you are able, check both ends; inside your patio and outside. (Our landscapers check the outside, but your review can't hurt.)

You are free to decide how you have this done, but here is a general contractor used by some residents:

Let's Have a Trading Post

We are still interested in providing a way for residents to share personal items that are available for sale or to give away.

Please provide suggestions as to how you think would work best?

- Adding a page to the newsletter?
- Posting on a Facebook page?
- ...? (Your idea)

Please contact

webmaster@thefountainshoa.org with your suggestions and ideas!

And finally...

You should have received the 2008 Rules and Regulations which are governing our community.

We appreciate your adherence, thereby keeping the Fountains community a safe, pleasant place for all who live here.
