Let's All Save More Water

The Fountains Board of Directors and landscaping committee are implementing our plans to renovate our landscaping, with the primary objective of substantially reducing water usage. The first phase of this water saving project began November 26 and is scheduled to complete by January 30. There will be a substantial removal of turf and shrubs along the parkway on Atherton Street, which will then be replaced with drought tolerant plants and other materials. This area was selected due to our ability to receive reimbursement from the City of Long Beach that pays for a large percentage of the work.

Looks like we did this just in time. A stage 1 water supply shortage was recently announced for Long Beach. That means that we are allowed to water landscaping only two days a week: Mondays and Thursdays. This is in effect until the end of March, according to the Long Beach Water Department.

For more details on Long Beach water restrictions: <http://www.lbwater.org/water-use-prohibitions>

Friendly Reminders

Holiday Tree Pickup

December 26th through January 16th, CalMet offers curbside holiday tree disposal and recycling. Place your tree curbside on your regular service day.

Please ensure your tree is free from ornaments, tinsel and plastic tree bags, and remove your tree stand. If your tree is taller than 4ft, please cut it into 2 pieces prior to disposal.

Holiday Decorations

Our community is looking so beautiful and full of holiday cheer! Please remember that we are required to remove holiday lights and decorations no later than January 10.

Assessment Change

Please note that starting January 1, 2015, your new monthly assessment amount is \$400.00.
